

# PRODUCT DATA SHEET

## description

Skudo HT System is a water based, dual layer - patent pending, temporary protection system that is comprised of a flexible, peelable Base Coat and HT Mat. "HT" stands for "Heavy Traffic" and the system is designed to protect the floor from domestic and commercial traffic during construction in both an interior and exterior application up to 9 months. Skudo HT also offers the safest working environment by providing a slip resistant surface both in wet and dry. Because Skudo HT sticks to the surface, it creates a homogeneous barrier coat that does not permit any contaminants to get between it and the substrate it's protecting. Once the project is completed Skudo HT is simply peeled up and disposed of in general site refuse facilities or even used again.

## application suitability

- PROTECTION OF FLOORING
- CONCRETE CURING (91%)
- INTERIOR USE UP TO 12 MONTHS
- LIGHT AND MEDIUM TRAFFIC
- SPILLS AND STAIN PROTECTION
- BENCH TOPS
- SAFER WORKING SURFACE
- FLOOR SIGNAGE
- EXTERIOR USE UP TO 9 MONTHS
- HEAVY TRAFFIC (FORKLIFTS)
- SCAFFOLDING SUITABLE
- STAIRCASES

## benefits

- ✓ impact resistance
- ✓ water resistance
- ✓ fire resistance
- ✓ sand and grit resistance
- ✓ safety signage
- ✓ slip resistance
- ✓ solvent resistance
- ✓ grinding and welding splatter resistance
- ✓ cleans surface upon peeling
- ✓ can be used for advertising on

## application

Skudo HT system is a dual layer method, the Base Coat which is a liquid - is applied using roller, spray, or brush, and the HT Mat which is a pre-coated, is pressed in while the Base Coat is still wet. For detailed information on correct application methods, please refer to the Product Application sheet or on the product label.

## substrate suitability

SUBSTRATE	SUITABILITY	SUBSTRATE	SUITABILITY
RAW CONCRETE (SMOOTH)	EXCELLENT	TILES - PORCELAIN	EXCELLENT
OPEN SLAB CURING	EXCELLENT	STONE - SMOOTH	EXCELLENT
POLISHED CONCRETE (SEALED)	EXCELLENT	STONE - COARSE	VERY GOOD
BRUSHED CONCRETE	GOOD	EPOXY COATED SURFACES	VERY GOOD
AGED CONCRETE	EXCELLENT	PRIMED STEEL	EXCELLENT
STAIRS	GOOD	FIBERGLASS	EXCELLENT
LINOLEUM (spot test required)	EXCELLENT	VINYL	EXCELLENT
TIMBER (SEALED)	EXCELLENT	LAMINATE	EXCELLENT
TILES - CERAMIC	EXCELLENT	HIGH PRESSURE LAMINATE	EXCELLENT
